

Pentaho Embedded Analytics Platform

Composable Analytics for Modern Applications and Data Products

Deliver Insight Wherever Decisions Are Made.

Composable by Design

Pentaho Embedded Analytics enables developers and product teams to embed dashboards, reports, and interactive visualizations directly into applications using open APIs.

Enterprise-Grade Analytics

- Pixel-perfect and interactive reporting
- Role-based security and multi-tenancy
- Extensible plugin architecture

Built for Scale

Designed to support thousands of concurrent users while maintaining governance, performance, and consistent user experience across platforms.
